Allocation of plan funds between newly created States and their parent States

3755. PROF. RAM DEO BHANDARY: Will the PRIME MINISTER be pleased to state:

(a) whether Government have assessed the allocation of plan funds between the newly created States and the parent States according to their population and per capita income;

(b) whether it is a fact that Bihar contains of 75 per cent of population and its per capita income is about Rs. 4000/-whereas the Jharkhand contains 25 per cent of population and its per capita income is about Rs. 7000/-; and

(c) if so, the division of Plan allocation made for the Ninth Plan and the funds released on this basis so far?

THE MINISTER OF STATE IN THE MINISTRY OF PLANNING (SHRI ARUN SHOURIE): (a) Yes Sir.

(b) Based on Population and Per Capita Income Estimates, the State of Bihar (after re-organisation) comprises 74.8% of population with Per Capita Income at Rs. 3900/- and State of Jharkhand has 25.2% of population with Per Capita Income at Rs. 7480/-.

(c) Since the State of Bihar was re-organised in 2000-01, the Normal Central Assistance (NCA) provided during this period to the States of Bihar (Re-organised) and Jharkhand is Rs. 1113.31 crore and Rs. 344.24 crore respectively.

Decline in GDP

3756. SHRI K.M. KHAN: Will the PRIME MINISTER be pleased to state:

(a) whether it is a fact that the country is passing through the industrial recession;

(b) if so, the percentage of decline noticed in the target of industrial production in the country;

(c) whether it is also a fact that the rate of GDP has also gone down and showing negative growth due to slow pace of agricultural production, non-availability of power and transportation; and

(d) if so, the steps being taken/proposed to be taken by Government in this direction?

THE MINISTER OF STATE IN THE MINISTRY OF PLANNING (SHRI ARUN SHOURIE): (a) and (b) No, Sir. Industrial recession is said to occur when there is decline in industrial production in two consecutive quarters. This has not happened. However, there has been a slow-down in the industrial growth. The increase in the index of Industrial Production during April, 2000-February, 2001—the latest period for which data is available—was 5.1
